

Zoom

(Primaryes)

Into the void... to the abyss...
It doesn't get much bigger,
Much bigger than this.

Airlock secured, proceed to launch now,
Ignition, systems go,
Control, start the countdown
In 10, 9, 8, 7, 6, 5, 4, 3 2 1.

Hurtling into space
At six thousand miles per hour,
Who knows what we'll face
When space holds all the power!

**It tests our faith and it shakes our courage,
You've gotta be brave not to wobble or worry
On this mission to the moon...
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom.**

Travel time: 4 days.
Float in zero gravity.
We're learning all new ways
To survive out in the galaxy!

**It tests our faith and it shakes our courage,
You've gotta be brave not to wobble or worry
On this mission to the moon...
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom.**

Mission control:
Prepare lunar landing.
Spacesuits are on;
I'm having trouble standing.

Here is the moment
As I set my foot down.
Humankind is watching,
Every nation, every town...

"That's one small step for man,
One giant leap for mankind!"

And history was made
As we risked our lives with dedication.
It's all in the name
Of interstellar exploration!

**And it tests our faith and it shakes our courage,
You've gotta be brave not to wobble or worry
On this mission to the moon...
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom! (Wi-oo, wi-oo!)
There ain't no option but to zoom.**
